AJ Biais is an example of French industrial success and consistent expertise. AJ BIAIS is an indispensable actor of the accessories and edge market. Due to their knowledge and their new vision, AJ BIAIS is able to offer simple products (bias, piping, cords) and complex products (braids, complex borders ...) on several qualities (Polyester, Stretch, Cotton, Reflective...) adapted for the home textile. The singularity of AJ BIAIS is to have a varied and complementary production tool (Dyeing, cutting, printing, coating, welding and quilting) which allows the company to create, develop and manufacture textile products adapted to their customers. AJ BIAIS produces 700,000 metres a day in 6 production sites and delivers to over 40 countries.
