LES PÔLES DE  **COMPÉTITIVITÉ**
MOTEURS DE CROISSANCE ET D'EMPLOI

At the heart of
the transformation evolution

Notre métier

Techtera, the textile european innovation cluster, runs a network of companies, research laboratories, technical centers, universities and colleges to boost the innovation potential of the sector.

Notre ambition

Techtera aims to increase its members' competitiveness through co-operative innovation and promote the French textile industry.

Comment ?

Techtera develops the topics answering the current stakes of the textile industry, both on the technological and business facets. The cluster supports collaborative research, from the idea to the testing and prototyping phases.

Notre équipe

A well-organised multidisciplinary expert team to answer your needs regarding:

- R&D Projects
- Internationalisation
- Communication

good reasons
to become
a member

4

1 / Put down and develop the roots of innovation

All studies demonstrate a correlation between the results of a company and its ability to innovate. Joining Techtera means to take part in a proactive approach to innovation.

2 / Share risks and means and access to specific publics fundings

The labelling of projects by Techtera optimizes your chances of accessing to specific regional, national and european funding. In addition, collaborative innovation allows you to pool your investments.

3 / Access to the network of actors of textile innovation

Seeking a skill, taking advantage of opportunities, setting up technological collaborations in the textile sector, the Techtera network meets your needs.

4 / Benefit from a performed services offer

Techtera offers varied and relevant animation programs, assistance in your R&D projects, optimized visibility with influential players, support on international markets ...

The Techtera services

Product innovation

Support for collaborative R&D Projects

Projects approval

The Techtera seal of approval guarantees the viability of the project, its technical and financial soundness, for better chances of getting a public funding.

Projects support

Techtera supports its members in their innovation processes. The cluster offers project support at each key stage, for regional, national and international projects.

Identification of possible public fundings / regional, national, international

Techtera identifies the best suited financing and calls for projects, depending on the essence of the project, its maturity and stakes.

Industry stimulation

Innovation workshops

Galvanise innovation in companies to generate collaborative research projects.

Valorisation workshops

Promote the results of the R&D projects realised by the members, and support know-how transfer by highlighting the R&D results and opening them to the market.

Techtera resource workshops

Build an innovation dynamics for the textile industry by generating R&D projects from the market, and by working with specific, specialised networks.

Competitiveness workshops

Improve the innovation skills and means of companies, and give them ways and information to read their competitive environment.

The Techtera clubs

2 clubs dedicated to the global stakes of **Recycling Circular Economy in the Textile Industry (Club RECIT)** and **Smart Textiles & Wearables (Club STEW)**.

Business development

Business launching of innovative products

Techtera offers operational and personalized support to test your innovations in other markets and help you launch them.
/ **Benefit: French innovation tax credit certified.**

International support

Techtera implements an international development plan for the textile sector: organization of technological and commercial missions, joint stand on international exhibitions, conducting market studies or technology watch.

/ **Results: 84 companies supported in 2018**

Transfer of know-how in new application markets

Have your textile know-how listed in the dedicated database and identify the skills that meet your technological needs.
/ **Results: more than 350 know-how listed in the CART'EX database.**

Monitoring of latest trends in «fashion and housing»

The "Programmes tendances" offer a continuous and up-to-date watch on aesthetic and creative trends. The goal is to get a deeper vision of the products to be developed for the coming seasons.

/ **Results: 2 dedicated programmes, STRATEGIE MODE (fashion and clothing) and ENVIRONNEMENT MAISON® (housing).**

2019 Membership

The membership is valid for a civil year, starting January 1st and ending on the next 31st of December.

COMPANIES

	Excl. taxes	Incl. taxes
Start-up (création de- 3 ans) + one-person company	320 €	384 €
-20 employees company	1 100 €	1 320 €
-251 employees company*	T.O. < 5 M€	1 600 €
	T.O. > 5 M€	3 200 €
251-2 000 employees company	5 300 €	6 360 €
+2 000 employees company	7 500 €	9 000 €

RESEARCH

	Excl. taxes	Incl. taxes
Research units (laboratories)	320 €	384 €
Training, education and research centers	2 100 €	2 520 €

PARTNERS

	Excl. taxes	Incl. taxes
Key accounts, service providers	16 000 €	19 200 €

SKILLS & KNOW-HOW (For textile companies)

Materials

- ☐ Natural & an-made fibers
- ☐ Synthetic fibers
- ☐ Mineral & inorganic fibers
- ☐ Recycled and biobased fibers

Manufacturing process

- ☐ Nonwoven
- ☐ Spinning
- ☐ Yarn transformation
(throwing, twisting, texturing, covering)
- ☐ Chemical processing / yarn coating
- ☐ Braiding / Ropes / Wires
- ☐ Weaving
- ☐ Narrow textiles / Tapes / Straps
- ☐ Knitting
- ☐ Warp knitting
- ☐ Lace
- ☐ Embroidery

Finishing

- ☐ Dyeing
- ☐ Primers
- ☐ Printing
- ☐ Coating
- ☐ 3D technology
- ☐ Composites
- ☐ Flexible lamination
- ☐ Cutting
- ☐ Making
- ☐ Assembly

Services

- ☐ Products testing / qualification
- ☐ Development of new products and processes
- ☐ Sampling / Prototyping
- ☐ Technical advice / assistance
